Re: Abatement of NOV N93-39-5-3 (Part 1 of 3), Coastal States Energy Company,
Skyline Mine, ACT/007/005, Folder #5 Carbon County, Utah

Dear Mr. Payne:

The Division received your request to extend abatement requirements associated with NOV N93-39-5-3 (Part 1 of 3) on December 14, 1993. Your request is considered reasonable given the complex issues involved and the winter weather conditions. Enclosed is a modification of the NOV which extends the time to submit plans to March 31, 1994 and the time to complete on-the-ground work to July 15, 1994.

We encourage you to proceed with the formulation of abatement plans as quickly as possible. If you have questions, please call me or Sharon Falvey.

Sincerely,
